

I've Got that Borderline Feelin' (In the Pit of My Stomach)

P. Leidy

Well I'm real concerned about our little friend
There's some issues regards Mary Lou
She's manipulin' all of my staff
Bad behaviors up the wazoo

Well I'm not a shrink, but I'll tell you what
That's a disordered personality
When I get this feelin' down in my gut
There's a case of severe BPD

Refrain:

I've got that borderline feelin' in the pit of my stomach
It's a feelin' that won't go away
My borderline radar has never been wrong
I can tell one a mile away

Borderline feelin, borderline feelin, borderline feelin' I swear
Borderline feelin, borderline feelin, borderline feelin' down there

She's been actin' out, she lies through her teeth
She's real inappropriate too
Her behavior's erratic and way too dramatic
Lots of problems with our Mary Lou

(refrain)
