

## Leaving, On a State Plane

(as sung by Gov Scott McCallum)

(Based on the John Denver song, with new words by P. Leidy)

Well my bags are packed, I'm ready to go  
I'll take the jet, the car's too slow  
I hate to think of traveling by car  
My day's full -- I'm a busy guy!  
This is why I choose to fly  
Kenosha to Racine is pretty far *(13 miles!)*

So trust me, and stand by me  
Tell me that you'll vote for me  
Flying makes me glad to be alive!  
I'm leavin' on a state plane  
A few miles, I'll be on the ground again  
Oh babe, I hate to drive

Milwaukee to Waukesha, or Mosinee to Wausau  
Eleven miles, I need a jet for that  
It costs a lot, who'll pay the bill?  
Oh, that's right! Taxpayers will  
Where is that tobacco money at?

I'm leavin' on a state plane  
A few miles, I'll be on the ground again  
Oh babe, I hate to drive

I like the jet, I like the view  
I like to feel important too  
Of whining in the press I've had enough  
I dream about the Capitol square  
I'd like to see a runway there  
Another by my house in Maple Bluff

So trust me, and stand by me  
Tell me that you'll vote for me  
Flying makes me glad to be alive!  
I'm leavin' on a state plane  
A few miles, I'll be on the ground again  
Leavin' on a state plane  
Driving is so mundane  
Leavin' on a state plane  
Why should I have to explain?  
Leavin' on a state plane  
I'm master of this domain

Oh babe, I hate to drive
