

Stacy Kerr Is My Case Manager

(based on Stacy's Mom, by fountains of Wayne, new lyrics P. Leidy)

Stacy Kerr is my case manager
Stacy Kerr is my case manager
Stacy Kerr is my case manager
Stacy Kerr is my case manager

Stacy can you come over this afternoon
I have some things to show you –can you come soon
Stacy you will be glad you made this investment
Let's put the fun in functional assessment

You know I'm not as needy now as I used to be
Life is short, Stacy can't you see?

(chorus)

*Stacy Kerr is my case manager
She makes my heart sing, all I need is her
Stacy can't you see how you complete me
It's really wrong I'm sure, but I'm in love with Stacy Kerr*

Stacy I know you told me it would be unprofessional
But from my point of view it seems very ethical
For too long baby you've been keeping your distance
Are you on your way, 'cause I need your assistance

Stacy I need you, not some boundary
You know that you are my social security

*Stacy Kerr is my case manager
She makes my heart sing, all I need is her
Stacy can't you see how you complete me
It's really wrong I'm sure, but I'm in love with Stacy Kerr*

*Stacy Kerr is my case manager
She's got it going on and I feel a stir
Stacy can't you see, you're the girl for me
It's really wrong I'm sure, but I'm in love with Stacy Kerr*

*Stacy Kerr is my case manager
That line between us is beginning to blur
Stacy can't you see—we were meant to be
How long must I endure without your love my Stacy Kerr*
