

Stand By Your Madison

Lyrics by Dave Cieslewicz with assistance from Peter Leidy
Performed by Peter Leidy with assistance from Dave Cieslewicz

Sometimes it's hard to be your mayor
Giving all my love to just one town
I've had some bad times
While the City Council has odd times
Doin' things that I don't understand

But though I don't get them, I'll forgive them
Even though they're hard to understand
And if you love the isthmus
And Annie Gaylor at Christmas
Then you'll join me when I sing

Stand by your Madison
We have two lakes to cling to
And smoke-free bars to come to
When nights are cold and lonely

Stand by your Madison
And show the world you love her
Keep drinking all the chai you can
Stand by your Madison

Stand by your Madison
And show the world you love her
Keep attending all the meetings you can
Stand by your Madison
